

23 908 (R 1519)**Voornemen tot het sluiten van uitvoeringsverdragen****Nr. 59****BRIEF VAN DE MINISTER VAN BUITENLANDSE ZAKEN**

Aan de Voorzitters van de Eerste en van de Tweede Kamer der Staten-Generaal

Den Haag, 21 februari 2003

Ter griffie van de Eerste en van de Tweede Kamer der Staten-Generaal ontvangen op 26 februari 2003.

De wens dat één of meer van deze uitvoeringsverdragen aan de goedkeuring van de Staten-Generaal zal worden onderworpen kan door of namens een van de kamers of door ten minste vijftien leden van de Eerste Kamer dan wel dertig leden van de Tweede Kamer of door de Gevolmachtigde Ministers van de Nederlandse Antillen onderscheidenlijk van Aruba te kennen worden gegeven uiterlijk op 28 maart 2003.

Ter voldoening aan het bepaalde in artikel 8 van de Rijkswet goedkeuring en bekendmaking verdragen, en met het oog op artikel 7, onderdeel b, van die Rijkswet, heb ik de eer U mede te delen dat de regering het voornemen heeft om over te gaan tot het sluiten van de volgende uitvoeringsverdragen:

1. Aanvaarding van de Aanbevelingen en Maatregelen, die in de afgelopen jaren op basis van artikel IX van het Verdrag inzake Antarctica (totstandgekomen te Washington op 1 december 1959, Trb. 1965, 148) tijdens de jaarlijkse Antarctic Treaty Consultative Meeting (ATCM) zijn aangenomen, maar nog niet door alle consultatieve partijen, waaronder Nederland, zijn aanvaard. Een overzicht van alle nog relevante aanbevelingen en maatregelen is hierbij gevoegd. Deze aanbevelingen en maatregelen voorzien veelal in de praktische invulling van het Verdrag inzake Antarctica, zoals bijvoorbeeld de aanwijzing en omschrijving van te beschermen gebieden en richtlijnen voor het toerisme. Daarnaast worden middels aanbevelingen en maatregelen organisatorische zaken tussen de partijen bij het verdrag afgesproken. Dit betekent dat aanvaarding van een aanbeveling niet in alle gevallen juridische gevolgen heeft. Teneinde het mogelijk te maken dat de verdere uitvoering van het Verdrag op een duidelijke operationele basis geschiedt, is tussen verdragstaten afgesproken dat alle in het verleden aangenomen aanbevelingen formeel zullen worden aanvaard. Voor Nederland betekent dit dat het noodzakelijk is dat de aanbevelingen die sinds het verkrijgen van de consultatieve status door Nederland in 1990 door de ATCM zijn aangenomen worden aanvaard. Daarnaast is het wenselijk dat Nederland tevens de aanbevelingen van voor die tijd aanvaardt.

Het verdrag inzake Antarctica is in 1967 voor het gehele Koninkrijk goedgekeurd.

2. Wijziging van een aantal reglementen behorende bij de op 20 maart 1958 te Genève tot stand gekomen ECE-Overeenkomst betreffende het aannemen van eenvormige goedkeuringsvoorwaarden en de wederzijdse erkenning van goedkeuring van uitrustingsstukken en onderdelen van motorrijtuigen (Trb. 1959, 83). In de bij deze brief gevoegde lijst van reglementen is in het kort de inhoud van de betreffende wijzigingen aangegeven.

Wat het Koninkrijk betreft, zullen de onderhavige uitvoeringsverdragen alleen voor Nederland gelden.

De Minister van Buitenlandse Zaken,
J. G. de Hoop Scheffer

Lijst van Aanbevelingen en Maatregelen, aangenomen door de Antarctic Treaty Consultative Meeting (ATCM):

Aanbeveling/ Maatregel Nr.	Omschrijving
ATCM V-2	Consultative Parties to continue to cooperate with the World Meteorological Organization (WMO) and the Scientific Committee on Antarctic Research (SCAR), to consider the usefulness of creating Antarctic Meteorological Centres in the Antarctic.
ATCM V-3	SCAR to be encouraged to continue its interest in the Southern Ocean and to make available advice to the Intergovernmental Oceanographic Commission (IOC) Coordination Group.
ATCM V-5	Modification of Specially Protected Area (SPA) 12 (Fildes Peninsula).
ATCM V-6	Modification of Agreed Measures.
ATCM V-7	Consultative Parties voluntarily to take account of SCAR proposals to modify the Interim Guidelines on Pelagic Sealing.
ATCM VI-1	Consultative Parties to adopt the proposals in the Final Report of the 1969 Antarctic Treaty Meeting on Telecommunications as guidelines, and to try and implement them in their plans for expeditions.
ATCM VI-2	Exchanges on the basis of VII.5 and I-6 of the Antarctic Treaty (AT) to include information on telecommunications facilities.
ATCM VI-3	Consultative Parties to adopt the attached Annexes as current bases for planning, to implement them to this end as far as practicable, to invite the World Meteorological Organization (WMO) to review the Annexes from time to time and to advise the ATCM of the results.
ATCM VI-6	Consultative Parties to provide information to others on the use of radio isotopes.
ATCM VI-7	Consultative Parties to try to ensure that tourists and other visitors uphold the Treaty and Recommendations, to inform them on do's and don'ts, to notify other Consultative Parties about expeditions.
ATCM VI-8	Introduction of permits for entry into Specially Protected Area's (SPA).
ATCM VI-9	Consultative Parties to transmit information on the conservation of flora and fauna to national Antarctic committees and to invite SCAR to assemble and publish this information and to prepare reports on the status of species.
ATCM VI-10	Coppermine Peninsula Specially Protected Area (SPA).
ATCM VI-11	Consultative Parties to consult over new islands in order to give them special protection and to prevent tourists from landing on them.
ATCM VI-12	Exchange on the basis of AT VII.5 and Rec I-6 para 8 to include information on scientific research rockets to be launched from Antarctica.
ATCM VI-13	Information exchanged annually to include information about ships carrying out substantial oceanographic research programmes in the Antarctic.
ATCM VI-14	Consultative Parties to adopt adequate measures for the preservation of historic monuments and to mark them in situ; to prepare a list of historic monuments for consideration at ATCM VII.
ATCM VII-1	Consultative Parties to discuss SCAR's advice on environmental matters, given in response to Rec. VI-4, and to adopt it as voluntary guidelines.
ATCM VII-2	Consultative Parties to adopt criteria for the selection of Specially Protected Area's (SPA), and to ask SCAR to review the existing SPA's and the need for new ones in the light of the criteria.
ATCM VII-4	Consultative Parties to keep effects of visits by tourists and other visitors under review, to consider designating Areas of Special Tourist Interest, and to try and apply the provisions of the Antarctic Treaty and Recommendations to visitors not sponsored by Consultative Parties.
ATCM VII-5	Import of laboratory animals and plants.
ATCM VII-8	Consultative Parties to use common transport facilities as much as possible and to consult on arrangements and financing.
ATCM VII-9	Consultative Parties to adopt a proposed list of historic monuments.
ATCM VIII-1	Specially Protected Area (SPA) 17 (Litchfield Island).
ATCM VIII-2	Terminates Specially Protected Areas (SPA) 6 (Cape Crozier), 10 (Byers Peninsula), 12 (Fildes Peninsula).
ATCM VIII-3	Institution of Sites of Special Scientific Interest (SSSI) (criteria, management plans required, expiry dates).
ATCM VIII-4	SSSI 1 (Cape Royds), 2 (Arrival Heights), 3 (Barwick Valley), 4 (Cape Crozier), 5 (Fildes Peninsula), 6 (Byers Peninsula), 7 (Haswell Island).
ATCM VIII-5	Modifies Agreed Measures on entry permits for Specially Protected Area's (SPA).
ATCM VIII-6	Consultative Parties to use standard format annexed for annual exchange of information, to be carried out before 30 November. Modifications to be reported before 30 June.

Aanbeveling/ Maatregel Nr.	Omschrijving
ATCM VIII-7	Consultative Parties to identify the ways in which a cooperative air transport system might be useful, to inform SCAR via SCALOG (SCAR working group on Logistics) and to request SCAR to draw conclusions and inform Consultative Parties.
ATCM VIII-8	Consultative Parties to urge states with activities in the Antarctic to become Non-Consultative parties, and Non-Consultative Parties to approve Recommendations that have become effective.
ATCM VIII-9	Consultative Parties to promote awareness of the Statement of Accepted Practices. Visits to stations to proceed in accordance with Rec. IV-27. Consultative Parties to require reports from tour organisers on visits to stations, and to forward such reports to ATCM.
ATCM VIII-10	Consultative Parties to undertake and encourage various activities to the end of protection, scientific study and rational use of Antarctic marine living resources and to include the item on the agenda of ATCM IX.
ATCM VIII-11	Consultative Parties to carry out environmental impact assessment and take other measures recommended in code of conduct.
ATCM VIII-12	Consultative Parties to try and keep Antarctica free from nuclear waste.
ATCM VIII-13	Consultative Parties to protect as much as possible and to continue to monitor the Antarctic environment.
ATCM IX-1	Consultative Parties to continue to study and discuss a future regime on Antarctic mineral resources, and in the meantime to urge nationals and other states to refrain from exploration and exploitation of mineral resources.
ATCM IX-4	Consultative Parties to request SCAR to continue the work of the Sub-Committee on Cooperative Transport System for Antarctica and to adopt what SCAR may come up with.
ATCM IX-5	Consultative Parties to approve a declaration on the protection of the Antarctic environment.
ATCM IX-6	Consultative Parties to study various matters with respect to oil contamination and to hold an expert meeting.
ATCM X-2	Consultative Parties to seek conclusion and entry into force of a CCAMLR (Convention on the Conservation of Antarctic Marine Living Resources) and to cooperate in activities facilitating its operation once it is in force.
ATCM X-3	Consultative Parties to improve the collection and the distribution of Antarctic meteorological data, and to ask SCAR to prepare a telecommunications handbook.
ATCM X-4	Consultative Parties to refer problems in connection with the removal of geological specimens to SCAR for further study.
ATCM X-5	Site of Special Scientific Interest (SSSI) 8 (Admiralty Bay).
ATCM X-6	Expiry dates for Sites of Special Scientific Interest (SSSI) 1-6 extended to 30-6-1985, SSSI7 to 30-6-1983.
ATCM X-7	Consultative Parties to encourage oil contamination studies, to ask SCAR to keep under review the possibility of further research, and to consider whether their existing obligations under international agreements could be sufficient.
ATCM X-8	Consultative Parties to modify Rec. VIII-9 Annex A, to comply with specified government-government arrangements for help/advice to non-governmental expeditions, to encourage tour operators to use experienced guides, and to discourage commercial overflights.
ATCM XI-3	Mount Erebus declared a tomb.
ATCM XII-1	Consultative Parties to maintain and improve collection and distribution of meteorological data in cooperation with the World Meteorological Organisation.
ATCM XII-2	Consultative Parties to use the existing Antarctic telecommunications systems effectively, and satellite communications as appropriate. SCAR to be asked to examine and advise on satellite telecommunications issues.
ATCM XII-3	Consultative Parties to make IEE's (Initial Environmental Evaluation) and, if necessary, CEE's (Comprehensive Environmental Evaluation), to ask advice from SCAR and to discuss matters further at ATCM XIII.
ATCM XII-4	Consultative Parties to seek advice from Antarctic operating agencies on problems in implementing the code of conduct (VIII-11) and the need to revise it.
ATCM XII-5	Expiry dates for Sites of Special Scientific Interest (SSSI) 1-8 extended to 31-12-85.
ATCM XII-6	Duties of ATCM Host Governments with regard to the distribution and publication of ATCM reports and documents.
ATCM XII-7	Monument 44 (Dakshin Gangotri) added to List of Historic Monuments.
ATCM XII-8	Consultative Parties to consider favourably requests for funding of costs to SCAR for advising of Consultative Parties.

Aanbeveling/ Maatregel Nr.	Omschrijving
ATCM XIII-1	Recommendations with regard to the improvement of ATCM and the Antarctic Treaty Handbook and better availability of Antarctic Treaty reports and documents, content of information exchanges on the basis of Antarctic Treaty, reports to SCAR and scientific data.
ATCM XIII-2	Item «Operation ATS (Antarctic Treaty System): reports» to be permanently on agenda ATCM.
ATCM XIII-3	Modifies Rec. VIII-6. The deadline of 30 June in the Annex, paragraph II is changed to 30 November, etc.
ATCM XIII-4	Consultative Parties to invite SCAR to undertake a comprehensive review of the waste disposal aspects of the code of conduct annexed to Rec. VIII-11.
ATCM XIII-5	Consultative Parties to ask SCAR for advice on the areas system and the possible inclusion of new types of areas and to request advice from SCAR on improvement of comparability and accessibility of scientific data on Antarctica.
ATCM XIII-6	Antarctic Program Operators of the Consultative Parties to consult together over stations in each other's proximity.
ATCM XIII-7	Expiry dates for Sites of Special Scientific Interest (SSSI) 2–8 extended to various dates between 1987 and 1995.
ATCM XIII-8	Sites of Special Scientific Interest (SSSI) 9 (Rothera Point), 10 (Caughley Beach), 11 (Tramway Ridge), 12 (Canada Glacier), 13 (Potter Peninsula), 14 (Harmony Point), 15 (Cierva Point), 16 (Bailey Peninsula), 17 (Clark Peninsula), 18 (White Island), 19 (Linnaeus Terrace), 20 (Biscoe Point), 21 (Shores of Port Foster).
ATCM XIII-9	Modification of management plan for SSSI 1 (Cape Royds), expiry date extended to 31/12/95.
ATCM XIII-10	Specially Protected Area (SPA) 18 (North Coronation Island).
ATCM XIII-11	Specially Protected Area (SPA) 19 (Lagotellerie Island).
ATCM XIII-12	Specially Protected Area (SPA) 20 (New College Valley).
ATCM XIII-13	Revision of Specially Protected Area (SPA) 7 (Cape Hallett).
ATCM XIII-14	Recommendations XIII-10 to 13 to be considered as guidelines until effective.
ATCM XIII-15	Host Government of ATCM's to invite non-consultative parties to the meetings.
ATCM XIII-16	Historic monuments 45–52 to be added to the List of Historic Monuments.
ATCM XIV-1	Modifies Rec. XII-6 para 4 on public availability of documents.
ATCM XIV-2	Consultative Parties to adopt a forerunner to Annex 1 (applicable to scientific activities only).
ATCM XIV-3	Conditions under which scientific drilling may take place. Recommendation to be adopted as a guideline.
ATCM XIV-4	Expiry date of SSSI 2 extended to 31/12/97.
ATCM XIV-5	Sites of Special Scientific Interest (SSSI) 22 (Yukidori Valley), 23 (Svarthamaren), 24 (Summit of Mt Melbourne), 25 (Marine Plain), 26 (Chile Bay), 27 (Port Foster), 28 (South Bay).
ATCM XIV-6	Institution of Marine Sites of Special Scientific Interest (SSSI) (criteria, management plans, expiry dates).
ATCM XIV-7	Consultative Parties to adopt new or amended documents annexed on the collection and dissemination of meteorological data and cooperate with the World Meteorological Organisation and SCAR in this regard.
ATCM XIV-8	Historic monument 53 (Elephant Island)
ATCM XIV-10	Consultative Parties to invite WMO and SCAR (in coordination with the IOC) to consider ways of improving meteorological and sea ice information services and thereafter, if necessary to convene an Expert Meeting.
ATCM XV-3	Consultative Parties to adopt a fore-runner of Annex III.
ATCM XV-4	Consultative Parties to take measures to prevent marine pollution.
ATCM XV-5	Consultative Parties 1) to encourage and to undertake environmental monitoring activities as well as keeping accurate records of activities in the Arctic Treaty area, to ask SCAR for advice and 2) to convene an expert meeting.
ATCM XV-6	Sites of Special Scientific Interest (SSSI) 29 (Ablation Point-Ganymede Heights), 30 (Avian Island), 31 (Mount Flora).
ATCM XV-7	SSSI 32 (Cape Shireff).
ATCM XV-8	Modifies Agreed Measure VIII by introducing the requirement for Specially Protected Area's (SPA) to have management plans
ATCM XV-9	Consultative Parties to improve the descriptions of Specially Protected Area's (SPA) and to develop management plans for them. SCAR to have regard to this when considering proposals for SPA's.
ATCM XV-10	Institution of Specially Reserved Areas (SRA's).
ATCM XV-11	Institution of Multiple-Use Planning Areas (MPA's).
ATCM XV-12	Historic monuments 54 (Stonington Island) and 55 (McMurdo Station).

Aanbeveling/ Maatregel Nr.	Omschrijving
ATCM XV-13	Description of historic monument 53 (Elephant Island) modified.
ATCM XV-14	Declaration on the promotion of international scientific cooperation.
ATCM XV-15	Consultative Parties to promote international scientific cooperation according to Article II and III of the Antarctic Treaty, working through SCAR.
ATCM XV-16	Consultative Parties to work towards data directory listings, a scientific data directory and an Antarctic Scientific and Environmental Data System under the aegis of SCAR, and to convene an Expert Meeting after completion of a draft work programme to be developed by SCAR.
ATCM XV-17	Consultative Parties to consult with one another over the establishment of new stations, to prepare a Comprehensive Environmental Evaluation (CEE), and to help Non-Consultative Parties with choice of siting and CEE.
ATCM XV-18	Consultative Parties to try and improve meteorological and ice sea information services and to participate in IGOSS programmes as soon as possible; to refer a report to WMO and, after its review there, to invite SCAR and COMNAP to recommend appropriate action to ATCM XVI.
ATCM XV-19	Consultative Parties to increase cooperation in hydrographic survey and charting and to coordinate their activities within the framework of IHO (International Hydrographic Organization) or SCAR
ATCM XV-20	Consultative Parties to take measures to improve air safety in the Antarctic Treaty area.
ATCM XV-21	Consultative Parties to exchange information on the exploitation of icebergs and to ask SCAR for advice.
ATCM XVI-1	Exchange on the basis of Art. VII-5 Antarctic Treaty to include information on implementing legislation of Antarctic Treaty and Recommendations.
ATCM XVI-2	SSSI 33 (Ardley Island), 34 (Lions Rump).
ATCM XVI-3	Marine SSSI 35 (Western Branfield Strait), 36 (East Dallmann Bay).
ATCM XVI-4	Specially Protected Area (SPA) 21 (Avian Island).
ATCM XVI-5	Revised management plan for SSSI 6 (Byers peninsula), to last until 31-12-2001.
ATCM XVI-6	Revised management plans for Specially Protected Area (SPA) 8 (Dion Islands), 9 (Green Island), 13 (Moe Island), 14 (Lynch Island), 15 (Powell Island), 16 (Coppermine Peninsula), 18 (Coronation Island) and 19 (Lagotellerie Island).
ATCM XVI-7	Expiry dates for Sites of Special Scientific Interest 4, 5, 7, 10-12, 18 extended to 31-12-2001; for SSSI 22 to 31-12-2003.
ATCM XVI-8	Specially Protected Area (SPA) 22 (Cryptogram Ridge).
ATCM XVI-9	Specially Protected Area (SPA) 23 (Forlidas and Davis Valley Ponds).
ATCM XVI-11	Historic monuments 56 (Waterboat Point), 57, (Yankee Bay), 58 (Whalers Bay), 59, (Half Moon Beach) added to the List of Historic Monuments.
ATCM XVI-12	Consultative Parties to implement tie Seismic Data Library System.
ATCM XVII-1	Consultative Parties to ask SCAR to do research and together with COMNAP (Committee of Managers of National Antarctic Programmes) to provide data on the effects of human activities on Antarctica and advice on the monitoring of these effects.
ATCM XVII-2	Annex V management plans for Specially Protected Area's (SPA) 1-3, 20.
ATCM XVII-3	Historic monument 60 (Penguins Bay) added to List of Historic Monuments
ATCM XVII-4	Consultative parties to welcome, encourage and support SCAR initiatives in global change research, to give high priority to such research.
ATCM XVIII-1	Consultative Parties to circulate annexed Guidance for visitors and Guidance for organizers and operators of tourism, and urge compliance.
ATCM XIX-M1	Revised management plans for Specially Protected Area (SPA) 13 (Moe Island) and 15 (S. Powell Island).
ATCM XIX-M2	Revised management plan for SSSI 11 (Tramway Ridge).
ATCM XIX-M3	Establishment of Specially Protected Area (SPA) 24 (Pointe-Geologie).
ATCM XIX-M4	11 monuments added to the List of Historic Monuments
ATCM XIX-M5	Amendment to Historic Monument No. 14: Inexpressible Island.
ATCM XX-M1	New management plans for SSSI 9 (Rothera Point) and 19 (Linnaeus Terrace).
ATCM XX-M2	Historical Monument «Mikkelsen Cairn» to be added to the List of Historic Monuments.
ATCM XXI-M1	New management plan for Specially Protected Area (SPA) 5 (Beaufort Island).
ATCM XXI-M2	Management plans for Specially Protected Area (SPA) 25 (Cape Evans) and Specially Protected (SPA) 26 (Lewis Bay Tomb).
ATCM XXI-M3	Revised management plans for SSSI 11-15; SSSI 37 (Botany Bay).
ATCM XXI-M4	Lewis Bay Tomb to be added to list List of Historical Monuments.
ATCM XXI-M5	Description of Historic site No. 41 (Stone Hunt on Paulet Island) modified.

Aanbeveling/ Maatregel Nr.	Omschrijving
ATCM XXII-M1	Management plans for Specially Protected Area (SPA) 27 (Cape Royds), 28 (Hut Point) and 29 (Cape Adare).
ATCM XXII-M2	Wreckage of large wooden sailing ship on SW coast of Elephant Island to be added to the List of Historical Monuments.
ATCM XXIII-M1	Revised management plan for SSSI 23 (Svarthamaren).
ATCM SXII-M1	Revised management plans for Specially Protected Area (SPA) 14 (Lynch Island), 19 (Lagotellerie Island), 20 (New College Valley) and SSSI 8 (Admiralty Bay), 17 (Clark Peninsula), 22 (Yukidori Valley), 34 (Lions Rump).
ATCM SXII-M2	Expiry dates for Sites of Special Scientific Interest 1-3, 16, 20, 21, 24-29, 31, 32 extended to 31 December 2005.
ATCM XXIV-M1	A hut of Scott Base to be added to List of Historical Monuments.
ATCM XXIV-M2	Ruins of Base Pedro Aguirre Cerda on Deception Island to be added to the list of Historic Monuments.
ATCM XXIV-M3	Management Plans of SSSI Nos. 4 (Cape Crozier), 5 (Fildes Peninsula), 7 (Haswell Island), 18 (Northwest White Island), 33 (Ardley Island), 35 (Western Bransfield Strait), and 36 (East Dallman Bay) extended to 31-12-2005.
ATCM XXV-M1	New Management Plans for ASPA 106 (Cape Hallett), 107 (Emperor Island), 108 (Green Island), 117 (Avian Island), 121 (Cape Royds, subject to CCAMLR approval), 123 (Barwick and Balham Valleys), 124 (Cape Crozier), 126 (Byers Peninsula), 130 (Tramway Ridge), 137 (Northwest White Island), 147 (Ablation Point), 148 (Mount Flora), and 157 (Backdoor Bay) approved.

Lijst van wijzigingen van Reglementen inzake uitrustingsstukken en onderdelen van motorrijtuigen behorende bij de ECE-Overeenkomst van 1958 (Trb. 1959, 83)

ECE- Reglement Nr. en Onderwerp	Omschrijving
3, retroreflectoren	Betreft de aanpassing van de definitie van de kleur rood voor retroreflectoren teneinde een verdere harmonisatie met de Verenigde Staten te realiseren.
7, positie-, achter-, en stoplichten	Betreft de aanpassing van de definitie van de kleur rood voor positie-, achter-, en stoplichten teneinde een verdere harmonisatie met de Verenigde Staten te realiseren.
14, bevestigingspunten voor veiligheidsgordels	Betreft de eis dat de achterste zitplaatsen van vrachtoertuigen van bevestigingspunten voor veiligheidsgordels moeten zijn voorzien inclusief overgangsbepalingen voor deze regeling.
16, veiligheidsgordels en bevestigingssystemen	Betreft de eis dat de achterste zitplaatsen van vrachtoertuigen van bevestigingspunten voor veiligheidsgordels moeten zijn voorzien.
23, achteruitrijlichten	Betreft de verhoging van de zichtbaarheid van achteruitrijlichten.
34, brandstofreservoirs	Betreft de introductie van kunststof brandstoftanks en aanpassing van de eisen aan de corresponderende Europese richtlijn. Tevens bevat de regeling eisen m.b.t. de bevestiging van de brandstoftankafsluitdop voor grotere passagiers- en vrachtoertuigen.
36, autobussen	Betreft het in overeenstemming brengen van de eisen met de corresponderende Europese bussen richtlijn.
37, gloeilampen met gloeidraad	Betreft het aanbrengen van enkele correcties in tekeningen en onderschriften.
38, mistlichten achter	Betreft de aanpassing van de definitie van de kleur rood voor mistachterlichten teneinde een verdere harmonisatie met de Verenigde Staten te realiseren.
43, veiligheidsruiten	Betreft het in overeenstemming brengen van de eisen met de corresponderende Europese richtlijn m.b.t. de installatie van veiligheidsruiten en de introductie van kunststof ruiten.
48, installatie van verlichting van auto's	Betreft de verhoging van de zichtbaarheid van lichten inclusief overgangsbepalingen voor deze regeling.
50, diverse lichten; motor- en bromfietsen	Betreft de aanpassing van de definitie van de kleur rood voor diverse lichten voor motor- en bromfietsen.
52, mini-autobussen	Betreft het in overeenstemming brengen van de eisen met de corresponderende Europese bussenrichtlijn.
67, LPG onderdelen	Betreft de introductie van LPG-brandstoftanks van composiet materiaal.
75, banden (motorfietsen)	Betreft het aanbrengen van een merkteken op de band bij een niet-standaard wiel/band combinatie.
77, parkeerlichten	Betreft de aanpassing van de definitie van de kleur rood voor parkeerlichten teneinde een verdere harmonisatie met de Verenigde Staten te realiseren.
87, dagrijlicht (DRL)	Betreft het in overeenstemming brengen van de fotometrische meetmethode met de methode zoals gehanteerd in andere verlichtingsreglementen.
91, zijmarkeringslichten	Betreft de aanpassing van de definitie van de kleur rood voor zijmarkeringslichten teneinde een verdere harmonisatie met de Verenigde Staten te realiseren.
95, bescherming bij zijdelingse botsing (personenauto's)	Betreft wijziging van de specificatie van het deformeerbare stootblok voor zijdelingse botsingstesten.
105, vervoer gevaarlijke stoffen	Betreft het in overeenstemming brengen van de eisen met de corresponderende Europese ADR-richtlijn.
107, autobussen (dubbeldekkers)	Betreft het in overeenstemming brengen van de eisen met de corresponderende Europese bussenrichtlijn.
