Dear Ms. 5.1.2.e dear colleagues,

I contact you from the Secretariat of the Organisation for Economic Co-operation and Development (OECD).

As you may be aware, the OECD engages with parliaments via its [Global Parliamentary Network](#). I reach out because we are currently seeking nominations for the **OECD Parliamentary Group on Artificial Intelligence**, which could be of particular interest to the Committee for Digitalisation (DIGI). This Group aims to connect legislators with their peers in other parliaments and parliamentary assemblies leading in this field, as well as with relevant experts, to exchange on relevant development and best practices. The group will be underpinned by OECD's cross-cutting research and analysis on artificial intelligence.

There is no limit to the number of nominations, from Members of Parliament as well as parliamentary officials (including advisers and secretariat staff) with direct expertise and responsibilities in the field of AI. We would encourage cross-party representation.

The Group will meet for the first time on **11-12 June 2026** at the OECD Conference Centre in Paris.

Would you be available for a short online call to give you more information, so you can consider the potential nomination and participation of your MPs?

With many thanks in advance, and kind regards,

5.1.2.e
