ESM Financial Statements

The Board of Auditors reviewed the ESM Financial Statements for the period ended 31 December 2019 as drawn up by the Board of Directors on 30 March 2020.

The ESM Financial Statements were prepared and presented in accordance with the Directive 86/635/EEC of the Council of the European Communities of 8 December 1986 on the annual accounts and consolidated accounts of banks and other financial institutions, as amended by Directive 2001/65/EC of 27 September 2001, by Directive 2003/51/EC of 18 June 2003 and by Directive 2006/46/EC of 14 June 2006.

In this context, the Board of Auditors discussed the process of the preparation of the ESM 2019 Financial Statements, as well as its observations in relation to accounting treatments, methodologies and disclosures. In addition, the Board of Auditors exchanged on these matters with the Chairperson of the Board Risk Committee on 13 March 2020. Subsequently, the Board of Auditors issued its report in respect of the ESM 2019 Financial Statements, which is included in the ESM 2019 Annual Report. Based on the work undertaken and the information obtained, including the unqualified audit opinion of the external auditors the Board of

Auditors concluded that to the best of its judgment, no material matters have come to its attention that would prevent it from recommending that the Board of Governors approve the ESM financial statements for the year ended 31 December 2019 as part of the ESM 2019 Annual Report.

The Board of Auditors takes particular note of the events after the reporting period. The ESM received on 11 February 2020, EUR 131.7 million from the Federal Republic of Germany, following a political commitment to compensate the ESM for negative interest paid on the cash balances held with its national central bank during 2019. This amount is expected to be recorded as extraordinary income in 2020. In addition, the Board of Auditors also took note of the reference to the coronavirus global pandemic and the uncertainties at the time of the drawing up of the ESM 2019 Financial Statements, in relation to its duration, magnitude and speed of subsequent recovery. The Board of Auditors discussed the need and content of such disclosures with the ESM Management.

External auditors

The Board of Auditors monitored and reviewed the external audit processes performed by Ernst & Young Société anonyme. This included a review of their risk assessments, audit working papers and documentation with the assistance of three subject matter experts from the European Court of Auditors and an external subject matter expert. Furthermore, the Board of Auditors reviewed the report addressed to the Board of Auditors issued by the external auditor in compliance with EU Regulation 537/2014 and describing the audit process, scope and its results.

The statutory audit was conducted in accordance with the requirements of Regulation No 537/2014 of the European Parliament and of the Council of 16 April 2014 on specific requirements regarding statutory audit of public-interest entities, the Luxembourg Law of 23 July 2016 concerning the audit profession, and the International Standards on Auditing as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier.

Internal audit

The Board Auditors met regularly with the internal audit function in closed sessions to monitor internal audit processes and their results. The internal audit function is an independent assurance function designed to add value and improve the operations of the ESM. It assists the ESM in fulfilling its mandate by bringing a systematic and disciplined approach to evaluating and improving the effectiveness and procedural efficiency of the ESM's risk management, control and governance processes. As part of its responsibilities, it also evaluates the adequacy, effectiveness and timeliness of actions taken by management on findings and recommendations issued by the internal audit function, as well as the external auditors and the Board of Auditors. The internal audit function reports directly to the ESM Managing Director and is under the oversight of the Board of Auditors.

The Board of Auditors examined and discussed the reports issued by the internal auditor, as well as the status of implementation of the related agreed actions by the ESM. In addition, the Board of Auditors also discussed the internal audit plan for 2020, following its approval by the ESM Managing Director. The Board of Auditors notes that the timely implementation of audit recommendations is a feature of an effective control environment. The dedication of appropriate resources to ensure the timely implementation of audit recommendations should therefore remain a priority for the ESM.

Evaluation

The Board of Auditors met on two occasions with the ESM High-Level Independent Evaluator to discuss

the progress of the ongoing evaluation exercise in relation to the financial assistance granted to Greece. Furthermore, the Board of Auditors was informed about the preliminary conclusions of the evaluation report.

The focus of these exchanges was both the operational response of the institution, as well as the wider ESM role in the context of the comprehensive European economic policy response to the Covid-19 pandemic. The Board of Auditors is appreciative of the information provided so far and will continue to monitor the developments in this regard.

Particular focus was placed on the areas of risk inherent to the operations of the ESM. Furthermore, the Board of Auditors received at its request, various written representations from the ESM Management concerning issues of oversight.

2.3. Ongoing audits of the Board of Auditors

The Board of Auditors began its audit of the ESM internal committee structure with the support of subject matter experts from the Maltese National Audit Office. The main objective of the audit is to establish whether the governance arrangements linked to the ESM internal committees facilitate the fulfilment of their tasks. The audit approach

focuses on benchmarking the ESM committee structure against existing governance best practice standards. A scoping exercise within the context of the audit fieldwork was conducted in January 2020. The audit will be finalised during the second half of 2020.

In addition, the Board of Auditors has begun with its preparations of an audit on ESM recruitment procedures. The audit will be performed with the assistance of subject matter experts of the European Court of Auditors.

In Closing

In the period under review, the ESM was in its seventh year of full operation.
